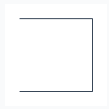
Original artwork / exported stitch view

SUPPLIED NATIVE REPLAY - RUST NOT RE-RUN BY THIS UTILITY

01 Source artwork



02 DST replay view

Source: reference-square.png | page/frame 1 | explicit width 14 mm

Common viewport: X -8.96 to 120.96 mm; Y -8.96 to 80.96 mm | display scale 0.95:1

Records: 136 | needle placements: 115 | trace timing: illustrative

Raster resolution is not calibration. Thread colours are supplied palette metadata, not recovered original colours.

SHA-256 and raw-record binding are checked. Coordinate semantics and physical stitch quality are not revalidated.

The attached source is user-selected; this tool does not assert it is the historical artwork that produced the DST.

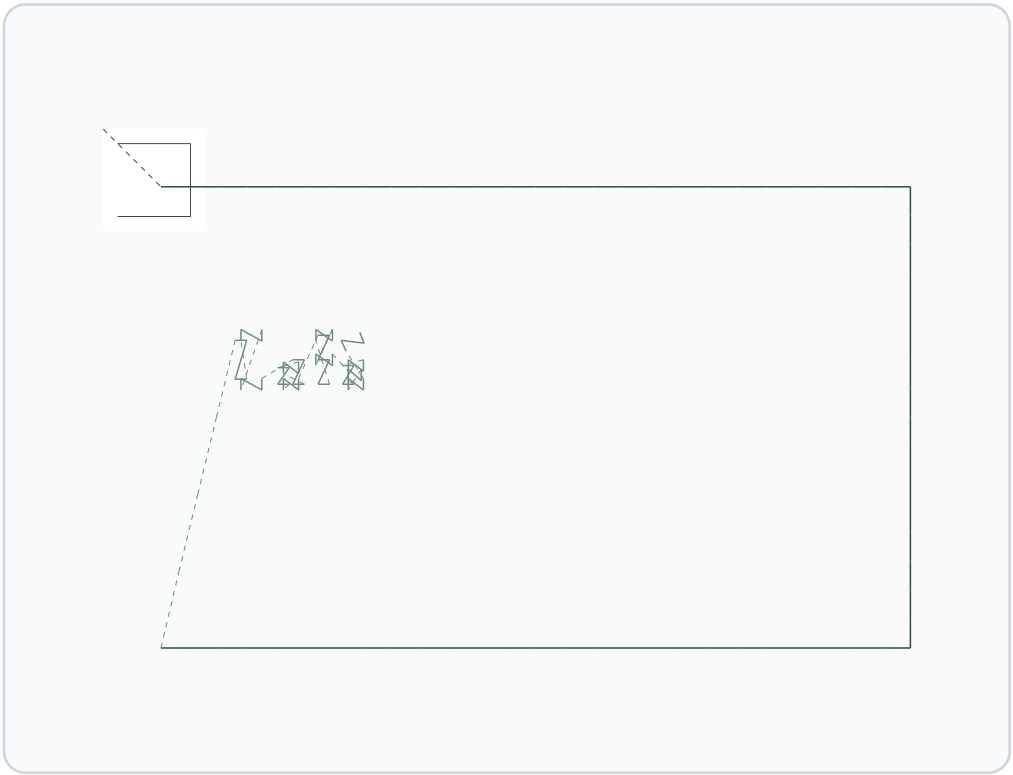
Source SHA-256: 3499f537b294079f259c0b7c1a04d9485e671e55def24d542a93ed9b7bb3d091

DST SHA-256: fb48287b4ce88b8076e3088d03dd79747e89982f38821ab70c2016d95b6bfb2e

Overlay / physical-scale proof

SUPPLIED NATIVE REPLAY - RUST NOT RE-RUN BY THIS UTILITY

03 Registered overlay



Overlay uses explicitly entered source position and scale; registration is not inferred.

No fabric simulation, device calibration, printer calibration, machine transfer or ISO certification.

PDF page coordinates are physical units; monitor zoom is not guaranteed actual size.

Full byte-binding and source/proof hashes are in the accompanying manifest.

04 Physical scale 1:1

Design exceeds this 1:1 proof area.

No automatic downscaling. Use tiled proof implementation.

100 mm - print at Actual size / 100%; measure after printing
